

CECO Environmental is a growing and dynamic company. And, as we grow, we become an even stronger force in the global environmental and pollution control field. Within the CECO family of companies, each member is a specialist, offering the latest and most specialized clean air solutions. We will continue to offer more specialized solutions through new members of our environmental control family. We proudly introduce the latest additions to our family:

### CECOaire

National manufacturer and supplier of pollution control and dust collection systems, services, upgrades and aftermarket parts. Offering one of the industry's widest arrays of state-of-the-art products. Leader in baghouse technology.
